

Technical data sheet for

AL8

Passthrough Warewasher

W 905mm x D 820mm x H 1755mm

AL8 is a versatile utility warewasher suitable for crates, bins and most 80 litre bowls. This unit is usually installed into benches for easy pass-through operation with no lifting required.

Standard Features

- Large 1.5kW wash pump recirculates wash water at nominal 800 litres per minute for superior cleaning of heavily soiled items
- Triple cycle selection – 2, 4, and 6 minute cycles
- Powerful 10kW rinse booster elements ensure fast recovery between cycles
- 650mm high wash chamber clearance for tall items
- Large internal chamber with usable area 700 x 540mm
- 2.6 litres per cycle water consumption
- Auto start on door closure
- Upper and lower stainless steel arms with removable end caps for cleaning
- Adjustable and removeable tilting rack slide
- Full access to wash chamber via 3 sided door
- FastClean - rounded wash tank, double filtration, scrap and pump inlet filters
- Robust stainless steel construction
- Electromechanical controls
- Counter-sprung easy action door lift
- 220mm stainless steel legs for access beneath machines
- Suits 500mm international racks
- Fits 750mm depth bench for in-line operation
- Rinse booster pump for optimal rinse quality
- Integral precision detergent dispensing pump
- Backflow prevention fitted
- Wash chamber

Accessories
